Considerable consternation has been aroused over the State regarding the actions of the State Democratic Executive Committee in planning precinct conventions for cities of first and second class and county conventions elsewhere to select delegates to Louisville Convention this month. This action probably is not the real foundation for the disaffection which exists, as it is believed by many to be a scheme on the part of some to send to the Baltimore Convention an unrepresented delegation from Kentucky. This idea does not meet with the approval of the voters of the State. In Madison and elsewhere, it seems to be the consensus of opinion that this State send to the National Convention a delegation with instructions for one or the other of the candidates mentioned for this high office. It is a mistake for any few men to attempt to dictate to the Democratic party what should be done in this respect. It must remain with the Democratic voters of Kentucky and their voices should be heard and heeded. The CLIMAX stands, first, for harmony in the Democratic party, and second, for the man who can carry to victory in November the banner on which is inscribed the Jeffersonian principles, be it Clark Wilson, Underwood or Harman. Can it be that Kentucky's Democracy will sacrifice the splendid opportunities that lie before the Nation to elect a Democratic president in order to satisfy the ambitions of any politician or any set of men who may desire advantage in order to receive the instructions of this State for their favorite candidate in the great contest now before the American people? Cannot those who possess selfish ambitions, if such exists, look back only a few weeks and picture the Republican convention in Louisville? All will recall the bitterness that existed in this city when the G. O. P. county convention was held, the reports of the disaffection that existed throughout the State, and finally a contested delegation to the National Convention in Chicago. Will the Democracy of Kentucky follow in the footsteps of the Republican party and arouse in this State a bitterness that may not be wiped out this side of the Baltimore convention, and perhaps not

then, or will standards of Jefferson and true Democracy be unfurled at the National Convention and harmony and good will prevail? Whatever course the party may pursue in this respect, THE CLIMAX would call on those high in the party to consider that to take a hand and not permit blunders that will jeopardize the brilliant prospects of electing to the seat in the White House for the next four years a Democratic president. Lay aside personal ambitions, forget self, you who would perch on the pedestal of prominence in Kentucky's political warfare, and let the rank and file, the "true" speak their sentiments and have a voice in the selection of the next President of the United States, and by so doing harmony will prevail and all will be well with the Democratic party for next four years.

The announcement that Senator-elect Ollie James had selected Vernon Richardson, of Danville, as his private secretary, is gratifying news to the host of friends of that popular young newspaper man. Mr. Richardson is eminently fitted for the position and it is especially pleasing to see that at least some of our politicians are in way re-

Deaths

Mrs. W. I. Smith, of Frankfort, died Monday morning at the home of her parents, Mr. and Mrs. W. N. Hurst, in this city. Mrs. Smith came to Richmond several weeks ago for treatment, being a sufferer of Bright's disease. Her condition was not considered alarming until the past ten days when she began sink rapidly, death relieving her suffering Monday. Deceased was twenty-six years of age and is survived, in addition to her parents and brothers and sisters, a husband and three children. She was a member of the Kavanagh Baptist church. Her funeral was conducted Tuesday afternoon at the residence of her father by Rev. G. W. Crutchfield, followed by interment in the Richmond Cemetery.

An Error Corrected.

In making mention of the Democratic State Convention in last issue of THE CLIMAX, we stated that county conventions would be held on May 25, when the correct date is May 27. In the counties containing first and second class cities precinct mass conventions will be held on May 25 to select delegates to a county mass convention on May 27, which in turn will select the delegates to the State convention. The counties affected by the present meetings are Jefferson, (Louisville); Kenton, (Covington); Campbell, (Newport); Fayette, (Lexington); McCracken, (Paducah). The basis of representation of each county to the State convention is one for each 200 and fraction cast for W. J. Bryan in 1908. The new county of McCreary is given one vote.

A : Name . To : Remember

Here is a name—"PENSLAR"—that will mean a great deal to every man, woman and child in this city when they learn what it stands for.

It is our duty and our pleasure to tell you.

There is a great firm of Manufacturing Chemists in Detroit, The Peninsular Chemical Co., whose name on the label of a remedy is the best possible guaranty of its purity and medicinal worth.

They prepare in their splendid laboratories over 100 remedies for household use.

Strange as it may seem to you, they do not believe in secret medicines. They think you have a right to know what you are taking. And you have.

So they put the full formula on every label—the name and exact quantity of every ingredient—all in plain English so you can judge for yourself.

If they were not sure that each of these was the best possible prescription—if they were not sure that their skill in compounding these remedies was unsurpassed they could not afford to do this.

Anyone can copy their formulas—but there is no danger that anyone will equal their quality of the remedies, and they know it.

You see, this makes their success depend on Quality, not Secrecy. Secrecy in medicine is not good for you. You have a right to know what you are using: all about it.

We like to handle drugs of quality. This is the way we got our trade. That is why we obtained the agency for these splendid remedies known as the

Hon. J. A. Sullivan Announces For Congress.

Elsewhere in THE CLIMAX appears the announcement of Hon. J. A. Sullivan as a candidate for Congress from the Eighth Congressional District, subject to the action of the Democratic primary. Mr. Sullivan is too well known to the readers of THE CLIMAX to need an introduction at our hands. He has served the Democratic party as its County Chairman for many years and has contributed his means and labor for the success of the party, not only in Madison, but in district, state and national campaigns. He has been an indefatigable worker for the cause of Democracy at all times, yet he has been slow to request favors at the hands of the people. He is a lawyer of great prominence, an orator equal to the best, and influential citizen and a man to whom the people can point with pride. Mr. Sullivan represented Madison county in the lower branch of the General Assembly two years ago and his excellent service to the county and State remain a pleasant recollection to its constituents and to those throughout the State who watch with keen interest the remarkable record made by Madison's representative in the legislature of that year. Being a citizen of Richmond and Madison county, THE CLIMAX is naturally favorable to Mr. Sullivan's candidacy. Aside from this, we know him to be a man of superior strength and ability, and strong in the national Congress. We cheerfully commend him to the voters of the Eighth Congressional District, whose suffrage he will greatly appreciate.
